ASSEMBLY INSTRUCTIONS
CORONA 3 DRAWER BEDSIDE CHEST

IMPORTANT: READ THESE INSTRUCTIONS CAREFULLY BEFORE ASSEMBLING OR USING YOUR CORONA 3 DRAWER BEDSIDE CHEST.

PLEASE KEEP THESE INSTRUCTIONS FOR FUTURE REFERENCE.

ASSEMBLY INSTRUCTIONS:
Please check contents and read instructions carefully before commencing assembly.
To avoid damages assemble the item on a soft, clean surface.
Assemble in the room of use.

HEALTH & SAFETY:
DO NOT use this item if any parts are missing, damaged or worn.
DO NOT use this item unless all fixings are secured.
Always use on a level, even surface.
It is recommended that two people handle and assemble the item.
Keep small parts out of the reach of children.

CARE & MAINTENANCE:
This product is manufactured in pine which is a wood with natural characteristics including knots, grains, clusters or indentations.
On unpacking the item you may notice an odour due to the production process, however, this will disappear after a period of time.
DO NOT place the item next to a radiator or direct sunlight as this item is susceptible to temperature change. It is recommended to maintain an even room temperature with no sudden fluctuations.
For general cleaning use a duster or damp cloth (almost dry) not wet – do not use soap and water, detergents, aerosol sprays or any polish as the use of these materials would invalidate any claims.
You may wish to re-treat the surface to maintain the original finish. This can be done using block wax (un-perfumed). Please follow the manufacturer’s instructions carefully.
DO NOT place the item onto wet or damp flooring as staining may occur to the floor.
Periodically check all screws & fixings to ensure they are secure.
DO NOT push the item as this will damage the base.
Keep any sharp objects away from the item.

** You will need a small mallet and a screwdriver.
Step 1: Attach the right front frame (8) to the right panel (2) using the cleats (17) and hardware part D with a screwdriver (not provided). DO NOT use any power tools as this may damage the frame and will invalidate any claim.
Step 2: Attach the left front frame (9) to the left panel (3) using the cleats (17) and hardware part D with a screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

Step 3: Insert hardware part A using a small mallet (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.
Step 4: Insert the top front frames (10) and bottom front frame (11) to the left panel (3). Attach the rear base plinth (4) using hardware part D and a screwdriver (not provided). DO NOT use any power tools as this may damage the frame and will invalidate any claim.

Step 5: Attach the right panel (2) using hardware part D and a screwdriver (not provided). DO NOT use any power tools as this may damage the frame and will invalidate any claim.
Step 6: Attach the top panel (1) using hardware part D, then secure the bottom front frame (11) using hardware part B. You will need to use a screwdriver (not provided). DO NOT use any power tools as this may damage the frame and will invalidate any claim.

Step 7: Attach the drawer runners (16) using hardware part D and a screwdriver (not provided). DO NOT use any power tools as this may damage the frame and will invalidate any claim.
Step 8: Attach the side plinths (7) and the front plinth (6) using hardware part C and a screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

Step 9: Insert hardware part G with a small mallet (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.
Step 10: Attach the back panel (5) using hardware part H and a small mallet (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.

Step 11: Assemble the drawer components using hardware parts C, E and F with a screwdriver (not provided).
DO NOT use any power tools as this may damage the frame and will invalidate any claim.
Step 12: Insert the assembled drawers and secure using hardware part A and a small mallet (not provided). DO NOT use any power tools as this may damage the frame and will invalidate any claim.
